About Oz Hair & Beauty

Family-owned since 1986, Oz Hair & Beauty is one of Australia's leading online health and beauty retailers, stocking a wide range of professional hair care, skincare, and beauty products on Commission Factory's Elevate plan.

The Challenge

The health and beauty vertical is competitive in Australia.
Oz Hair & Beauty wanted to grow its customer base by getting in front of high-intent shoppers at the right moment, with the right offer.

The Solution

Commission Factory recommended a 24-hour flash cashback campaign, co-funded with ShopBack, one of Australia's largest cashback platforms.

The Campaign

A 30% cashback rate for new and existing customers, capped at \$30, keeping the model performance-based and cost-efficient.

The Placement

ShopBack featured Oz Hair & Beauty across its homepage and additional placements for the full 24-hour window, maximising visibility with high-intent shoppers.

The Execution

The account management team handled rate setup, publisher briefing, and campaign coordination end-to-end. So, Oz Hair & Beauty could focus on their own activity while Commission Factory managed the channel.

“

The results from our flash cashback campaign with Commission Factory exceeded every expectation. Our Account Manager goes the extra mile and makes sure we get the most from every opportunity.
